EURORDIS, Rare Diseases Europe, has made the Rare Disease Day logo available to you to help you show your support for Rare Disease Day!

If you communicate about Rare Disease Day, please keep with the spirit of Rare Disease Day which means inter alia that the logo should not be used for commercial purposes or illegal activities. The logo may only be used in support of activities organised commemorating and/or promoting the Rare Disease Day.

The logo, if used, should stand alone, in one of the formats described in this document, filling conditions as described in this document. Do not alter the logo in any way such as by changing the design, colours or the proportions, or crop it or use it within another new logo. In case it is not possible to use the correct colours due to technical limitations, a black and white logo is shown as an example.

A non-compliant use of the logo constitutes an infringement of EURORDIS’ trademark rights.
